# WINNINGS PLAN FOR THE 150<sup>th</sup> LOTTERY

1. April 2023 – 30. September 2023

## Terms and Conditions for the "150<sup>th</sup> KlassenLotterienord" from 1<sup>st</sup> of April to 30<sup>th</sup> of September 2023 ("terms and conditions")

### Part 1: Main game with Millionjoker Extragame

#### § 1 Promoter

The game "150th KlassenLotterienord" (hereinafter referred as "KLN-game") is organised by European Lotto and Betting Limited (hereinafter referred as "ELBL"). ELBL is a state-licensed bookmaker based in Malta, whose main business is accepting bets on the outcome of lotteries. ELBL holds a gambling license issued by the Malta Gaming Authority (license no. 609/2018 and 475/2018). ELBL does not provide lottery tickets for state lotteries, but organises betting on the outcome of lotteries. A bet on the outcome of the following lotteries is hereinafter referred as "ticket":

- 150th NKL-Lottery, organised by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich), hereinafter referred as "NKL-underlying lottery"
- Millionen-Joker, organised by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich), hereinafter referred as "Millionenjoker underlying lottery"
- Extra-Joker, organised by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich, hereinafter referred as "Rentenjoker underlying lottery"
- Rentenjoker cash prize game, conducted by EU Lotto Ltd, with headquarters in Gibraltar, using a random number generator certified by an independent testing laboratory

The term "purchase of a ticket" or similar references shall be construed accordingly and shall mean the placing of a bet on the outcome of one of the above lotteries, as the context requires.

#### § 2 Conditions for participation

- According to the law, the participation of minors in gambling is not permitted. For this reason, any person who would like to purchase a ticket (hereinafter referred as "interested party" and/or "player"), has to first provide (and evidence) his name, date of birth and address. Purchasing a ticket, the player agrees to these terms and conditions that apply to all players of the KLN-game.
- ELBL and its service providers shall have the right to verify the age of the interested party. Recognized procedures, including using third party providers and automated systems may be used by ELBL and/or its partners for the purposes of age verification. ELBL and/or its service providers or partners may also ask the interested party to provide proof of age in any manner it deems suitable from time to time.
- Any data collected by ELBL and/or its partners from or belonging to an interested party may be stored, processed and/or passed on to third parties as required from time to time. Such data may include, but shall not be limited to, personal data such as the name, date of birth and address of an interested party.
- ELBL authorises its service providers from time to time (including their employees) to contact interested parties and bind ELBL to these terms and conditions with such interested parties. The service provider may require that the interested party provides official identity and other personal documentation (notarised, where appropriate) to verify the age and other personal details of the interested party and ensure the ongoing compliance of ELBL in connection with this offering.

#### § 3 Organisation

- The KLN-game will be carried out in a manner which mirrors the winning plan for the 150th NKL-underlying lottery, over 6 consecutive months, with different draws taking place each month. Each month is referred to as a "class". ELBL reserves the right to replace the non-cash prizes with cash prizes at their equivalent value, at ELBL absolute and sole discretion from time to time. All prizes not defined or described herein shall be deemed to be as described in the winning plan.
- 5,000,000 tickets will be issued. These tickets include 3,469,523 cash prizes, up to 6 additional Jackpots, 75 Goldbar prizes and 1,001 non-cash prizes.
- Tickets may be issued as whole tickets (1/1), half tickets (1/2), quarter tickets (1/4), one eighth tickets (1/8) and one sixteenth tickets (1/16). Each ticket has a unique reference consisting of 7-digit number from 0,000,001 to 5,000,000 and a letter identifying the relevant fraction category. The 1/1 ticket has the letter A. The 1/2 ticket the letter A or B. The 1/4 ticket the letter A, B, C or D. The 1/8 ticket the letter A, B, C, D, E, F, G or H and the 1/16 ticket the letter A, B, C, D, E, F, G, H, I, J, K, L, M, N, O or P.
- The aggregate value of all available prizes is of € 2,094,250,000. This amount consists of € 1,992,600,000 in cash prizes, € 75,000,000 in Goldbar prizes and € 26,650,000 in non-cash prizes. The fixed average payout rate over all 6 classes is 43,63%.

- If the player wants to participate in the KLN-game with several ticket numbers and he does not pay the total price for the tickets, the paid amount will be processed in the following order: a) on whole tickets, b) on half tickets, c) on quarter tickets, d) on one eighth tickets, e) on one sixteenth tickets, provided that the paid amount is sufficient and the player has not made any other provision. If there are several ticket numbers with the same split, the paid amount will be used for the tickets with the lowest ticket numbers. § 13 (4) and § 3 (2) in part 2 of these terms and conditions shall remain unaffected. For the rest, section (5) applies.

#### § 7 Continuation, Ending and Transferring the lottery participation

- Each ticket is only valid for the class it belongs to. To continue the participation in the KLN-game, the service provider who provided the ticket for the lottery class will offer the player a ticket with the same number and the same letter for the next class (renewal ticket). The player is not obliged to accept/ buy the renewal ticket.
- If the player can't participate in the KLN-game with a renewal ticket despite the timely payment of the ticket price and therefore the continued usage of the previous ticket number is not possible, the player is entitled to participate for free with twice the amount of tickets he is entitled to, with other numbers, for all subsequent classes.
