§ 1 Participation in the game / General explanations

- (1) Participation in the KLS-Game is based solely on the game plan and these game rules.
- (2) The KLS-Game starts on 01.12.2025 and runs for six months until 31.05.2026. Each month is a class. The number of winnings and the amount of winnings increase from class to class. To participate a valid lottery certificate is required.
- (3) The lottery certificate comprises 3 million ticket numbers from 0.000.001 to 5.000.000. 3.278.828 individual winnings with a total winning of € 1.908.400.000 will be allocated to these ticket numbers in the game period. The planned winning distribution rate for all 6 classes is 45,61 %.
- (4) The lottery certificates may be purchased in whole tickets or in ticket shares of 10% each. The ticket shares are consecutively numbered from 1 to 10 per ticket number (share designations). The amounts shown in the game plan always refer to a whole ticket. Ticket shares win pro rata.
- (5) The sale of the lottery certificates shall be carried out by service providers in the name and for the account of ELBL. Several played ticket numbers with the respective shares can be combined on a ticket certificate.
- (6) If a service provider offers a lottery certificate, the service provider makes a binding offer to sell. Timely payment is considered acceptance of this offer. The supervising service provider offers the participant in good time before the beginning of a subsequent class a lottery certificate (or the number of tickets played by him) with the same ticket number and the same unit designations as in the current one played class (exception: see § 6 paragraph 2). Accordingly, he should offer the game participants also the renewed participation for the subsequent KLS-Game. The acceptance of the offers is free to the game participant.
